PRINCIPAL’S MESSAGE

The last two weeks of the term have, as predicted been very full. All practical HSC examinations have been completed as have final assessments in all courses. I was honoured to have been invited to attend a luncheon last week prepared and served by Year 12 Hospitality students under the supervision of Mrs Harland. It was a culinary feast and provided those in attendance with a clear insight into the many competencies which have been attained by each of the students during the course and the personal and interpersonal skills which allowed them to interact with us, their ‘customers’.

The winning house for the School Cup this term was Haven House who narrowly came through to take the lead from Watson House. Students enjoyed a fun packed rewards day last week, well done Haven House students. I know there will be fierce competition from the other house groups in term 4 to be the winning house. Students and parents are able to check positive reward points on Millennium. So get checking and aim to get positive points every day.

Both our School Cup assembly and Graduation Assembly were very successful events. Farewelling our Year 12 students is an ending of their school life and beginning of the rest of their lives. The staff and students of CHHS would like to wish Year 12 – 2014 all the best in their upcoming examinations, and in whatever ventures they choose to undertake in the future. The HSC examinations commence on Monday 13 October 2014. As students are still enrolled, the examinations are a school event and students are requested to attend all examinations in school uniform.

The induction of our Captains, Vice Captains and SRC members will be held on Tuesday 7th October during our weekly assembly. Invitations to parents have been posted home and I look forward to seeing them at this very important occasion.

School resumes on Tuesday 7th October and I would like to wish all students and staff a happy and safe vacation.

ON-SITE HAPPENINGS

YEAR 12 GRADUATION

The final assembly for Year 12 was an emotional tribute to their six years at high school. Donned in their finest school uniform, 93 face to face and 3 distance education students entered the MPC for their final full school assembly. It was a day of great celebration, the culmination of thirteen years of schooling.

This year’s cohort will be remembered as a group of young people who have achieved great things. They have been successful in a wide range of pursuits from academic achievements to cultural performances through to sporting triumphs. They have been outstanding leaders and positive role models; always encouraging and influencing the student body to also achieve great things.

There was a genuine warmth and affection evident between the students and the staff throughout the entire assembly. Mrs Hutchinson’s opening address was an excellent segway into the rest of the proceedings, which ran very smoothly. Mrs Livingston and Mr Sainsbury spoke of Year 12’s triumphs and adventures, Mr Gray quoted Dr Zeuss to outline the path of the distance education students and the audience was entertained by the Year 12 music class, a dancing Georgie Walsh, and a slideshow created by Courtney Hanlon. All in all it was an exceptional tribute to a fantastic group of young people.

The final school event for Year 12 will be their Formal. This will take place on 12 November 2014 at the Laurieton United Services Club. Between now and then Year 12 need to knuckle down and study hard, complete their HSC examinations and organise their formal outfit. Everyone is eagerly looking forward to seeing you all dressed up and ready to head off to start your future careers. Good luck Year 12!
BATTLE OF THE BANDS

Oh, what a night! Last Friday (12 September) the inaugural Battle of the Bands took place at St Joseph’s Regional College. And what a great night it was! Two bands from each of the participating schools played to a packed audience, and I’m not being biased when I say our supporters were by far the most outstanding on the night – they were extremely appreciative and supportive of our two fantastic bands!! And Makin’ Bacon and 2x2 (two by two) were fantastic!! Tainga Savage, Aaron Robertson, Angus Makin, Isaac Bruggemann and Lindsay Kaul made up the Makin’ Bacon Band and 2x2 consisted of Ryan Dawes, Harley Lindley, Isaac Bruggemann and Connah Wilson. They are all talented musicians and I was extremely proud of the way they performed.

In May, school leaders from a number of the high schools in the Hastings met to decide upon an initiative that would encourage an inter-school partnership and a Battle of Bands was the event they finally decided upon. St Joseph’s Regional College, Mackillop Senior College, St Columba Anglican College and Camden Haven High School all continued their association and after numerous Facebook messages and face to face meetings their school bands all met up on Friday night to battle it out.

St Joseph’s Regional junior band took out first place, a Mackillop duet came in second and St Columba Stage Band and CHHS’s 2x2 were placed equal third (Makin’ Bacon was an extremely close fourth – with only half a mark in it!).

I would like to take this opportunity to thank the school leaders of CHHS – Erica, Dale, Chloe and Tainga - for their outstanding organisation of this event. I was really proud of the effort and energy they all put into making this happen. It was no mean feat – in amidst Assessment Tasks, major works, examinations and other Captain commitments – and you might note we were the only public school to stay the distance and join in the initiative, which is all a result of our fantastic school leaders. I would also like to thank Ms Griffith and Mrs Kaul who acted as support staff for the evening. Your presence was most appreciated. I’m already looking forward to seeing what is going to be organised for next year. Ms Westman
The Cattle Team has recently returned from a successful trip to Tamworth where they participated in the Tamworth Landmark Beef Championship, which is held at the AELEC. This prestigious cattle show is one of the richest in the state, and the cattle facilities are first class. The students participated in Junior Cattle Judging, Cattle Parading and a Young Farmers Challenge, and they also had an opportunity to tour Thomas Fine Food Sheep Abattoir.

Claire Burgess made it to the final in her parading class, winning a highly commended ribbon. Nathan Kaul also won a highly commended ribbon after making it into the finals for his Oral Speech on Junior Judging. This was his first ever Oral for junior judging, where he had to speak in front of fellow competitors and judges in the AELEC arena – a very daunting task for any student, especially one in Year 8. Montana Boardman won the “Guess the Weight” competition, winning a $200 R.M Williams clothing voucher for correctly guessing the weight of a pen of steers. Some students entered numerous times, but Montana was spot on in his judging of the steer’s weights, well done!

The eight members of the team who attended the show represented the school with pride and were outstanding students who worked well together. Well done Nathan and Emma Kaul, Jaimee Ashe, Talia Cranfield, Darryn Mason, Jactina Ostler, Montana Boardman and Claire Burgess.
BARISTA TRAINING

Recently, eleven face-to-face students and one distance education student completed their Barista Training Course. It was exciting to witness one of the students, Tainga Savage being awarded the highest result in the course by the TAFE teachers - 198 / 200. It was wonderful to meet Amanda Goodman, one of our distance education students who travelled from Taree and passed her course. All students were very well behaved and conducted themselves in a most professional manner.

SHANIA MADDEN

Shania Madden (a Year 9 student) has gained runner-up in the National Youth 13yrs and U18yrs Showjumping Point Score Awards announced recently. Well done, Shania.

Shania Madden  (CLAIRVALE TIGER CHARM)
CLAIRVALE TIGER CHARM (aka Smoothie) is a 13yr old 15.2hh gelding who I have owned and competed since 2011. We purchased Smoothie from Di & Emma Gamack of Clairvale performance horses, Rollands Plains NSW. Smoothie’s main discipline was to be dressage, but has excelled in all disciplines including State level sporting and dressage, which is extraordinary as he has only one eye which was surgically removed in 2008 due to a rare growing tumour. This has not affected his performance in any way. Smoothie and I are a successful combination that includes trust and a special bond we have together. We are currently competing EA level dressage competitions, Smoothie and I are coached by Ngaire Reynolds of Peckham Rye Equestrian Centre. I would like to thank everyone who contributes to our success.
YEARG 12 SKIRMISH

Wednesday 17 September saw the majority of Year 12 spend their last school day at Skirmish, bonding and ‘getting even’ with the staff in attendance.

Ms Westman, Mr Wykes and Mr Mearrick, supported by Mr Sainsbury and Mrs Livingston, cooked everyone a bacon and egg roll, for sustenance, before they headed off for a day of paintballs, laughter, tactics and scheming.

The weather was excellent, the paintball guns loaded and the tactics decided upon early. From all accounts the Green Team thought they were the best, and the Black Team thought they’d done enough to win the day. Whoever the victor though, each of the four teams fought their battles hard and thoroughly enjoyed themselves.

A special thank you goes to Mrs Livingston, Mr Fowler, Mr Rowe, Mr Beyer and Mr Shilling who went along to join in the fun (and supervise, so they said). I’m not sure how many of them are going to ‘volunteer’ again next year though because the Skirmish was brutal! Both staff and students alike returned from the day battered, bruised and sometimes bloody. One student even came back broken (he is now sporting a broken wrist). Everyone, staff and students alike, overwhelmingly agreed, however, it was the best day ever!!

---

RSA/RCG COURSE

On 8 and 9 September, Merelyn Mason conducted the RSA/RCG course to thirty Year 12 students. Aside from a number of statistics about the issues with under age drinking, accidents associated with drinking and legal requirements, students were inundated with a wealth of knowledge about responsible service of alcohol, the law and gambling.

This was a very informative two day course allowing students to obtain qualifications which will enable them to work in the hospitality industry and access casual, part time or full time in employment.
YEAR 8 FOOD TECH

Y8TF1 have been working hard in Food Technology during this term of Mandatory Technology. The students have developed their practical skills and confidence in the kitchen and worked towards creating their own Café experience for guests. The students were able to select a suitable recipe and prepare it and serve it to their parents/guests on Wednesday the 10th of September. The students worked very hard and diligently in the days leading up, ensuring their dish would be perfect for their parents. There were many creative and delicious dishes served to a full room of guests, including Stage Deputy, Ms Miller, and Head Teacher of Home Economics, Mrs Ford. The students are to be congratulated on their hard work and effort in preparing and serving their guests at the café!

YEAR 8 ENTERPRISE SKILLS PROGRAM - JOHN HUNTER HOSPITAL

For Term 3 a group of Year 8 students have been working together to raise money for the children’s ward at John Hunter Hospital in Newcastle. We have done a lot to put this together. During this project we approached local businesses to ask for their support with placing money tins in their shop front. The money from here will go to the hospital.

Another way we thought of to raise money was to run a cake stall at our Term 3 out-of-uniform day. This was a success and we raised about $300. We had to plan with each other what we were going to make and the prices we would sell the products for. It was also great that some of our group were in charge of marketing and some in the production and some in the selling. Well actually, most of us wanted to do the selling part!

We are looking forward to getting this money to John Hunter Hospital in Term 4 when we have consolidated it all. We would like to thank the SRC for their support in helping us fundraise.

Bianca and Shauna – 8ESK2
YEAR 8 ENTERPRISE SKILLS PROGRAM - WORLD VISION PROJECT

Our group has been raising money for World Vision this term. We have not yet met our financial goal. Some of our group will be busy in the holidays busking at the inaugural White Balloon Event on Sunday 28 September. This event will be held behind the Laurieton United Services Club in Laurieton and supports the Bravehearts Organisation. Stay tuned to hear more of our success or better still, come down and support us!

Joel Barton and Haiden Morris, 8ESK2.

WHALE WATCHING

Year 9 and 10 students from the Marine and Aquaculture classes went on a whale watching excursion on Wednesday. It is at this time of the year that whales are migrating from the tropics back to the Antarctic with their recently born calves. The whales are pregnant for a whole year, then migrate to the tropics to give birth, then migrate back to the antarctic to feed on krill. The whales do not feed during migration. Students observed both whales and their calves and it was a most enjoyable day.
Year 8 Agriculture; Mrs Neville’s 8TG1 and Miss Cutler’s 8TH2, have recently participated in the Cows Create Careers Program. They have helped raise two Friesian dairy calves, lovingly names T-Bone and Lady David by each class respectively, for three weeks at school. These two calves were very kindly donated by the Baker family Dairy at Kendall.

Cows Create Careers is a community, education and industry partnership. It is a significant Dairy Australia project designed to increase the awareness of dairy industry careers by offering dairy industry education and pathway opportunities to senior school students.

The two classes were responsible for feeding the calves twice a day, measuring and mapping their growth rate, monitoring the calves’ health and ensuring the calves had a clean, safe and dry environment. The calves have now gone back to their home at the dairy to grow into milking cows. The students are now working in groups in class to complete several Dairy Australia tasks to be submitted to the Cows Create Careers competition. They will be participating in this competition along with several other schools in the Mid North Coast region, and will attend a presentation day on the 20th of October.
Fundraising for the Gold Coast has been completed with the drawing of the Fathers’ Day raffle.

Congratulations to Molly Fraser, Trevor Hart and May Johnson winners of the major prizes.

Minor prize winners were Neville Sheather, Cathy Duval, Phillip Coulton and Selwyn Seaton.

A big thank you must go to our donors for the major prizes:

- Oasis Restaurant North Haven
- Design Carpets Carpet Court, Lake Rd, Port Macquarie
- Laurieton Motors Mechanical

Final reminder that all camp forms and monies are to be submitted by end of term. If there are any difficulties please contact Mrs Devine on 65568100.

Mrs Devine - Year Adviser
ANU JAPANESE IMMERSION WORKSHOP

2014年9月8日―9日オーストラリアナショナル大学に日本語を
勉強したり、ゲームをしたり、おにぎりを食べたり、買い物に行ったりして楽しみました。

Immersed in Japanese language and culture, several Japanese
language students, including Rhys Marquez, Rachel Alger, Maija
Spencer Karinen and Tayla Vines attended an Engage Asia workshop
at Australian National University, Canberra on the 8th and 9th of
September 2014 with Mrs Nosworthy.

The workshop sessions had been created to help Year 10 and 11
Distance Education students improve their language skills and
develop a greater knowledge of the Asia-Pacific region. Camden
Haven High School along with Karabar Distance Education High
School, Open High School, Moruya High School and Batlow
Technology High School all attended these amazing sessions.

Over two days the students took part in specialised Japanese language classes – as well as this they
participated in a Japanese dance and raijo taiso – morning radio exercises, discovered the symbolism in
Japanese poetry, played language games, created masterpieces of Japanese calligraphy, turned their hands
at paper cutting, made and devoured Onigiri – rice balls, met new friends and attended lectures on Asian
culture and society. The students were excited to have represented language learners from New South
Wales as well as be given a glimpse into University study and higher level language study. It was a fantastic
opportunity for all the students to immerse themselves in Japanese language and culture.
HISTORY INSPIRES UNUSUAL HOBBY

I have had an interest in the wars for seven years and during this time I have researched a lot of information mainly concerned with CBRN (Chemical Biological Radiological and Nuclear). Earlier it was mainly about WWII in Europe. I purchased my first artefact in July 2009 which was some old German bank notes from the 1920's/30's. I purchased my first gas mask in September or October 2009. In the five years I have been collecting I’ve spent many hours and thousands of dollars on finding artefacts and information. In 2010 I launched my website ‘Gas Masks Rule’ which displayed my very small gas mask collection (I think only ten gas masks were on it). Over time I have put more of my CBRN protection collection on there with some basic information (almost all of my collection is on there currently). I only have a small collection, but own some very rare and interesting pieces. My collection can be seen on my website www.gasmasksrule.webs.com and I give updates on our facebook page now and then www.facebook.com/gasmasksrule

Pictured is a West German Gas mask repair and testing kit, pictured on the top of the kit to the right is a WWII British horse gas mask and a WWII British Navy artillery gas mask with fire resistant hood is on the left.

Jared Elliott
DE Student

BEN HAS GOLFING SUCCESS

Ben Eadie, Year 10, has been awarded the opportunity to attend the Kelvin Grove Golf School of Excellence through the Greg Norman Foundation, from 15 to 19 September. He will attend the school as a visitor and take part in golf excellence classes, including schoolwork with his “buddy” from the school. We congratulate and wish Ben the best in his exciting venture.

CAREERS NEWS

Courses at Port Macquarie campus 2015

CSU’s Port Macquarie Campus has the following course offerings:
• Bachelor of Accounting
• Bachelor of Business Studies
• Bachelor of Clinical Practice (Paramedic)
• Bachelor of Communication (Advertising)
• Bachelor of Communication (Public Relations)
• Bachelor of Creative Arts and Design (Graphic Design)
• Bachelor of Criminal Justice
• Bachelor of Education (K-12)
• Bachelor of Medical Radiation Science (Medical Imaging)
• Bachelor of Psychology
• Bachelor of Social Science (Psychology)

CSU / TAFE programs:
• Bachelor of Accounting
• Bachelor of Social Science (Gerontology)
• Bachelor of Social Work

To learn more about these courses or the many other CSU courses at our other campuses contact Bernadette Gammon on 65829630 or email at bgammon@csu.edu.au
Year 12 – it’s time to hit the road.

The end of 13 years of education is almost over for tens of thousands of students across Australia completing their HSC / Year 12 studies. For many it is a time of celebration, but there are still a few things you might need to do in order to be prepared for the road ahead...

How to access your HSC results

Results are available on the morning of Wednesday, 17 December 2014. To get your results, either:

- **Register to receive your results by SMS**: go to http://studentsonline.bos.nsw.edu.au/go/results/getting_your_results/ and go to personal details in My Details by 11.59pm Tuesday 17 December.

- **Visit one of the following websites** and enter your Student Number and Students Online PIN:
  - www.hscresults.nsw.edu.au
  - www.hsc-results.nsw.edu.au

- **Phone**: The HSC Inquiry Centre hotline (Ph: 1300 13 83 23) will be available from 8am on Wednesday 17 December 2014 OR

- **Mail**: (if you can wait that long) HSC credentials will arrive in the mail from 14 January 2015.

How to access your ATAR

ATARs will be released on the UAC website www.uac.edu.au at 9am on Thursday 18 December 2014. You will need to follow the online instructions – and you will need your HSC or UAC number and your UAC PIN. Your ATAR notice will be mailed to you from 19th December.
Year 12 – in the meantime, you need to get lots applications in.

1. **University applications need to be lodged with admissions centres**
   In NSW, go to [www.uac.edu.au/undergraduate](http://www.uac.edu.au/undergraduate). To lodge an application you will need your HSC student (BOS) number and UAC PIN (was posted to you in August). If you have lost it, call 1300 275 822 to talk to an operator, who will give you your PIN over the phone. Year 12 processing charge $29 if lodged by Tuesday 30 September 2014 — **after this date additional late fees apply.**

2. **Apply for SRS – Schools Recommendation Scheme.**

3. **Scholarships**
   There are loads of scholarships out there – see individual university websites / scholarships pages for details.
   
   Also see [http://studyassist.gov.au/sites/studyassist/ScholarshipsAndAwards](http://studyassist.gov.au/sites/studyassist/ScholarshipsAndAwards)

   Also see the myfuture website: [http://www.myfuture.edu.au/search?keywords=scholarships](http://www.myfuture.edu.au/search?keywords=scholarships) for a good search engine as well. Industry specific scholarships exist, as well as local scholarships – see your school careers website or careers adviser for more information.

   Scholarships range in eligibility criteria, application process, closing dates, terms and conditions, and amount funded – but it’s effectively free money – so do your research and apply – got to be in it to win it they say.

4. **Accommodation**
   Where will you live next year? This is an important consideration particularly for regional, rural and remote students who will need to move away from home to attend university, TAFE, private colleges or even to gain employment. Look into your options early – you might need to start applying NOW!! Often accommodation applications require you to pay a fee / bond and need a reference – start planning for this now if you haven’t already.

5. **Resume and Job Application Cover letters**
   You might be looking for work – either full time or part time to help support you while studying. Either way it’s a good idea to have a high quality resume that is up to date ready to go for when you need it. A very easy to use resume template can be accessed via your school careers website. A cover letter template together with sample letters can also be found in the student secure area of our school careers website.
Careers Advisory Service:

This is a free service offering professional, friendly and impartial advice following the release of your HSC results.

Careers Advisers will be available by phone from Thursday December 18 to Tuesday December 23 to assist you with enquiries.

Phone: 1300 300 687

Parents and carers can also use this service if they are seeking advice on your behalf.

There is also a supporting website which has useful information. You can access this is at www.cas.det.nsw.edu.au

On this website you can access information on:

- Course choices
- Employment opportunities
- Career pathways
- Training options

There is also an email link so you can email your questions to the Careers Advisers at the Careers Advisory Service.

Your friendly school Careers Adviser will be available to assist you in any way they can until the end of Term 4.

Good Luck Year 12
Have a long, successful and happy future!
SPORT NEWS

15 YEARS GIRLS NETBALL KNOCKOUT

On Friday 15 August, our U15 years girls netball team travelled to Port Macquarie to play Port Macquarie High School.

Our girls played exceptionally well, however we were defeated by a margin of 12 on the day. The girls did our school proud, not only for the skills they demonstrated on the day in netball, but more importantly how they played the game. They were respectful of the umpires and demonstrated sportsmanship with their opposition.

So impressive were both teams’ interaction, staff and students agreed to stay 15 minutes longer and play a ‘friendly’ quarter that included some of the older students and umpires. Both school representatives were impressed with the girls’ lovely natures.

The team consisted of:
- Annalise Ray (GA and GD)
- Shantelle Hearne (GD)
- Bella Cicak (GD and WD)
- Jordan Grieve (C)
- Lukka Allsop (GK and GD)
- Storm Davidson (WD)
- Zoe Thomas (WA)
- Wailagi Savou (WA)
- Sarah Wilson (GK)

Thank you must go to:
- Taylah Reid (Year 10) for being Assistant Coach
- Molly Fraser (Year 9) for umpiring the game
- Annaleise Allsop (Year 9) for First Aid

Ms Cook

Head Teacher PDHPE
Camden Haven High School sent four talented athletes to the Combined High Schools (CHS) State Athletics Carnival for competition on Thursday 4 – Saturday 6 September at Sydney Olympic Park Athletics Centre. The boys competed with the North Coast Squad and put together some wonderful performances.

Hugh Rackley competed in the 12–15 years AWD Discus and Shotput events. For the shot, his best attempt was 7.44m, which placed him in 6th position. His best recorded throw in Discus was 20.45m which saw him finish a very close 3rd. Congratulations to Hugh on these wonderful results. Hugh said he was very happy with his performance and hopes to improve in the coming years with more training.

Tristian Bonney competed in the open boys 200m, running a very competitive 24:84 and narrowly missing a spot in the final by half a second.

Matthew Rosenberg ran strongly in his 100m event, overcoming a stumble at the start to overtake two others in the heat. He finished in a competitive time of 16:26 placing him 14th in the state. Matthew said he was very keen to improve on this result, and wants to get into training in preparation for next year’s school carnival.

Tom Lewis dominated his event; the 1500m, where he came home strong on a very wet and windy day, to win in a new personal best time of 4.29:09. Tom is now our latest State Champion. Well done! This run qualifies Tom to compete with the State team at Nationals which this year is being held in Adelaide from 21 – 29 November. Congratulations to Tom on reaping the rewards of all his hard work, dedication and training.

Congratulations to all our athletes and their parents who represented our school at the carnival. Despite the trying conditions it was by all accounts it was a very successful event.

Mr Dalton
CHS Sports and Carnival Coordinator
As parents, we want our children to experience life but we also want to protect our family.

THiS Student Personal Accident Insurance is a simple, great value accident insurance package designed solely for school students that will help protect your family financially.

- Cover is available for students aged 4 to 19 years old
- Protection 24 hours a day, 7 days a week, 365 days a year anywhere in the world
- Cover for Non-Medicare Medical Expenses whilst participating in official school activities, including surgical, x-ray, physiotherapy treatments
- School Fee Relief help in the event that the child's parent/guardian has an accident that results in death

Kendall Community Preschool

SATURDAY 25TH OCTOBER 9am-1pm
Right now, cancer is the largest killer of children from disease in Australia.

Over 600 Australian children are diagnosed with cancer every year and sadly, on average, three die every week.

So I’m riding to change that!

Great Cycle Challenge asks riders across Australia to take on their own personal cycling challenge throughout October to fight kids’ cancer, as I am over the month of October!

It doesn’t matter if your challenge is to ride 25 kilometres or 2,500 kilometres on your bike or a spin bike, the event is all about setting yourself your own personal goal, getting fit and raising funds towards research into treatments and a cure for childhood cancer.

You can Email me on stuart.walsh@det.nsw.edu.au for more information on this event.
