Welcome all to 2015 at Camden Haven High School, as either a returning family or new to the school, a warm welcome to what has been a busy start to the year. I addressed all students in week one outlining our ExpectedBehaviours both in classrooms and during out of class activities whether at school or at another location. All students have been accepting of this with the wonderful community spirit that is evident each day at our school.

All our students have settled well and it is a pleasure to see happy, smiling faces, enthusiastic chatter and feel the friendly vibe that radiates around the school each day. I would like to welcome new staff; Mrs Glover – HT English DE, Mr Stelling – HT Science DE, Mrs Lavers – History and Ms Walker – Mathematics. A big thank you to all staff, students and parents for working together to make this very positive start to the year.

Our school works best when there is open and honest communication, and generally this happens but we all need to keep that open communication between school and home. A great place to make those suggestions is at our regular P&C meetings held the third Thursday of each month in A Block or at one of the many parents information days and nights. The first of these will be for parents of Year 7 students to Meet the Teachers afternoon next Thursday 12 February. I look forward to seeing many of you at this event and to a very successful year for our school.

Mrs M Hutchinson

Valley View Road, Laurieton, NSW 2443 • 02 6556 8100 • camdenhave-h.school@det.nsw.edu.au
ON-SITE HAPPENINGS

DANCE ENSEMBLE

2015 is another exciting year for Dance. The school’s Dance Company will be performing at the Southern Cross Dance Festival, CHAFFS concert and Big Night Out with further opportunities throughout the year. Some of these possible opportunities include Schools Spectacular and local Eisteddfod entries. Students interested in dance are invited to join the Dance Ensemble which is a non-auditioned dance group. This is open to students of all ages and abilities. The Ensemble also will be performing at the listed events. Practice times for the Ensemble will be in the Performance Space every Friday at lunch time. The cost to join is $50 for the year which covers the cost of costumes.

I hope to see you there!

Miss Webber

AUSTRALIA - INDONESIA BRIDGE PARTNERSHIP

Camden Haven High School has been chosen to participate in the Australia - Indonesia Bridge Partnership. This is a program that connects Australian school communities with their counterparts in Indonesia. In our application we focused primarily on Languages and Home Economics, but all faculties will be encouraged to participate. As part of the program, two teachers, Mr Rourke from the languages faculty and a member of the Home Economics faculty will be travelling to Indonesia to participate in a study tour and visit our partner school. The partner school will be announced in the next few days.

Later in the year, teachers from the Indonesian school will visit us at Camden Haven School. It is hoped that the partnership will result in a long term relationship between the two schools including student visits in the future. Apart from improving English and Indonesian language skills, the program will help students and teachers develop cultural knowledge and awareness and intercultural understanding.

The Australia-Indonesia BRIDGE School Partnerships Project is funded by Australian Aid and the Australia-Indonesia Institute, which are part of the Department of Foreign Affairs and Trade.
ULTIMATE SCHOOL CHALLENGE

For the past two years the Australian Open Tennis Blitz has rewarded the top 256 tennis towns in Australia with a player who has represented them at the Australian Open. The winning town got to choose the No. 1 male or female player for their town to support throughout the January tennis tournament. Kendall cheered on world No.1 Novak Djokovic at the Australian Open 2015 because their club finished 2014 as Australia’s most enthusiastic tennis town for the second year in a row. Kendall won the choice of which world No.1 player to throw their support behind, selecting Djokovic over fellow world No.1 Serena Williams. Last year Kendall also finished in top spot and supported Rafael Nadal as he made his run to the final.

In support, Camden Haven High School registered for the Ultimate School Challenge which earned the Kendall Tennis Club 50 000 AO Blitz points. As a result of this challenge the best school in each state and territory won goods or services to the value of $5000, and our submission did it for NSW!! We won the NSW Ultimate School Challenge 2015!! Our school now has $5000 to spend on tennis equipment, teaching resources, court repair or anything else tennis related that we may need. CHHS is proud to have supported the Kendall Tennis Club to win the AO Blitz for the second year in a row and is extremely grateful to Mrs Wendy Hudson for her ongoing support and assistance with the Ultimate School Challenge which resulted in our fantastic win.

2015 SCHOOL CUP

Throughout the year students can earn positive points for everything they do with schooling. Students are encouraged to participate in extra-curricular activities as well as aim for the highest in the classroom and the playground. Teachers award these positive points via the school management software, Millennium. Students and parents can track their progress by using the student millennium portal.

At the end of each term the house group with the most points for that term is rewarded with the top twenty students in that group invited to a rewards day as well as the top five students in the other house groups. The athletics, swimming and cross country carnivals are added to the individual student scores to provide a term result as well as a total score for the year.

Due to the large number of variances in house numbers there is a handicap system to ensure fairness. In 2015 there will be another opportunity for School Cup Houses to earn points through the termly school cup day which will include a wide range of activities enabling all students to build points for their house group. This day will include touch football, basketball, futsal, handball and other novelty activities. Term 4, Watson house had a massive resurgence and with this won the Term 4 Rewards Day excursion as well as the annual competition.
SUN SMART PROTECTION

As sun protection is a high priority here at Camden Haven High School for both our students and staff members, we have made available SPF 50+ Sunscreen to be used by everyone. This can be found at our Sun Protection Application Spots, which are located - for students at the Front Office and for staff in the Common Room.

In addition to this we have applied a SunSmart UV Alert Widget to be displayed each day on the electronic Student Noticeboard on the Quadrangle. This will advise our students and staff of the level of damaging UV Rays during school hours each day, a chart is placed nearby to allow students to check the level of sun safety needed to protect themselves from these damaging rays depending on the UV Alert level. Students and staff are encouraged to download this Widget to their own personal phones and iPods by logging onto the following link and downloading the free app for your iPhone, Android or Samsung Device.

Remember –

1. Slip on some sun-protective clothing that covers as much skin as possible

2. Slop on broad spectrum, water resistant SPF30+ (or higher) sunscreen. Put it on 20 minutes before you go outdoors and every two hours afterwards. Sunscreen should never be used to extend the time you spend in the sun

3. Slap on a hat – broad brim or legionnaire style to protect your face, head, neck and ears

4. Seek shade

5. Slide on some sunglasses – make sure they meet Australian Standards

Be SunSmart and protect your skin in five ways when the UV Index is 3 and above

- Slip on clothes that cover your arms and legs.
- Slop on broad spectrum SPF 30+ sunscreen. Remember to reapply every 2 hours.
- Slap on a broad brimmed hat or one that covers your face, neck and ears.
- Seek shade, particularly over the middle of the day when UV is highest.
- Slide on close fitting sunglasses.

Use a combination of sun protection measures to keep you safe from UV radiation—never rely on just one.

WELCOME TO 2015

It has been great to see such a positive start to 2015.

As many of you may remember from last year, Camden Haven High School has been given the unique opportunity to have two Head Teachers each for Science, English and Mathematics, meaning we can have more executive support in these faculties specifically for distance education. Our new head teachers for distance education are now substantive and come with a diverse skill set ready to further support our DE students and staff.

Many may have met Mrs Cheryl Glover who joined us late last year. Mrs Glover has taken up the role of HT English (DE) and she will be joined by her equivalent in Mathematics, Mrs Sheena Gunn who is returning from leave, to drive the Mandatory RoSA - 2 Teacher Program, a new initiative in Stage 5 to further support some students experiencing difficulty. We also welcome our new Science Head Teacher for DE, Mr Aiden Stelling from Bathurst High School, who will look after our superviser programs and support. They will join the larger team of teachers who help engage our distance education students.

Again this year our support centres are running, so get involved if you aren’t already. If you have any questions please ask one of your teachers who can put you in contact with the right person if support centres are an option for you. Keep your eyes posted for details about our mini school in semester one. It is in the early planning stages however we look set for another great year of Mini Schools and later in the year a DE Camp.

Don’t forget too that all students have dedicated coordinators to offer support that doesn’t relate to your school work. We have stage coordinators in the hunter east (Mrs Liz Lloyd-James), hunter west (Mr Wayne Squires), Central (Mrs Julie Patterson) and North West (Ms Angie Morley). Students in Year 11 are supported by Mrs Di Bernasconi and Pathways/Year 12 students by Mr David Gray. Other students will be supported by Mrs Sonja Crossingham. Young Parents in Education (YPIE) have their own mentors. Be sure to make contact with your mentor or coordinator if you have any general questions which don’t relate to your course work. As always, if you do have questions in relation to your title pages or assessment tasks the best person to contact is your teacher. Your teacher’s name and contact details are available on the cover of every title page you receive.

Our school library continues to offer library resources to DE students. Please contact Ms Wendy Middlebrook if you have any questions. Thank you for returning all library resources on time. If you have any overdue resources now is good time to return them so other students can use them.

I wish you all a productive and successful year.

Mr R Lyttle
Deputy Principal (Distance Education)
Support Centres

Once again our fantastic staff will be travelling across our wide and diverse area helping students at our support centres. Support centres are a fantastic resource for students to get some face to face assistance with their work as well as develop important social skills.

Term letters are being sent as students are being contacted. If you would like to attend a support centre and haven’t been contacted yet, please call Mr Williams on 65568242.

Support Centres will be operating at Rutherford, Tamworth, Armidale, Port Macquarie, Taree, Nambucca, Bellingen, Kempsey, Toronto, Broadmeadow and Nelson Bay.

Visiting Camden Haven High School

Teachers at CHHS love helping our distance education students and one of the many fantastic opportunities that they enjoy providing is school visits. If you would like to participate in a practical lesson, get some face to face assistance with tasks or even participate in some face to face lessons, please call Mr Williams on 65568242.

Mini School

The Distance Education Head Teachers are meeting this week to start planning this terms Mini School. The mini schools are a fantastic opportunity to students to come together and participate in lessons together, meet their teachers, get some tutoring and also participate in many rare opportunities that develop important social skills that are often minimised by studying distance education. Invitations to the Mini Schools will be sent shortly.
Year 7 Meet the Teacher

Wanting to put a face to the name?  
An informal meet and greet with our Year 7 teachers. Parents and students are encouraged to come along.

Thursday 12 February  
3:30-5pm  
Staff Common Room  
Sausage sizzle provided.

If you have any questions please call  
Mrs Kneipp on 6556 8137

SCHOOL PHOTOS

Thursday 19th February

• ALL students are to be photographed (whether you are buying a photo pack or not).
• Photo envelopes will be handed out to students next week.
• Bring your personalised photo envelope and hand it to the photographer whether or not you are buying photos.

Payment instructions are on your personalised envelope.

You may pay online or on the day in the envelope.

Groups or siblings will only be photographed if paid in advance. Collect a groups envelope from the front office.

Full school uniform is required.

Smile!
MATHS ONLINE

Mathsonline is available free to students again this year!
Camden Haven High School is funding Mathsonline for all students to enable them to use this excellent teaching/learning resource at www.mathsonline.com.au

Some of the features that this program has are as follows;

• Full lessons for each concept with a voice over and numerous examples of varying difficulty. Every lesson has a pause and rewind facility to help students grasp concepts at their own pace.
• Every lesson has an accompanying printable summary and worksheet to consolidate the concept, with full worked solutions provided also.
• A student’s ongoing use and progress in the program is stored for theirs and their teacher’s perusal at any time.
• The program can be accessed from any internet ready site, not just at school.
• The entire Year K to 12 program is available to every student, not just their particular year group or course.
• Parents may register to get weekly updates on their child’s program use and progress, by clicking on the ‘Parents area’ tab within their child’s account.
• Many more features will also be made available on-line over coming months.

Given that the program covers most of the concepts that we teach, and as good as this resource is, the school wishes to make it clear that it was never intended by its creators to replace the wonderful work that our mathematics teaching staff already do. This program is best used as a support/supplement to the classroom teaching/learning experience.

All students have unique logins and passwords (if they don’t have them they should ask their maths teacher), and are encouraged to use this resource as directed by their own teacher.

Mr G Irvin and Mrs S Gunn - Head Teachers Mathematics

CALCULATORS

This is a reminder to all students that a scientific calculator is required in Mathematics in all years.
Calculators may be purchased from canteen for $22.
All junior assessment tasks in Terms 2 and 4 often contain a Calculator and Non-Calculator section. There is no borrowing allowed during assessment tasks as each student is expected to provide their own equipment.

Other equipment required includes a ruler, protractor and a pair of compasses.

Mr G Irvin and Mrs S Gunn - Head Teachers Mathematics
NEW FOOTPATH

You may have noticed, as you drive past the school on Ocean Drive, the Council are doing some construction work. This is the first stage of a shared pathway (footpath) that will link the schools in the Camden Haven. The staff and students of CHHS are most grateful to everyone involved in the Schools to Schools project for their dedication and commitment to making the walkway along Ocean Drive a safe place for our students. We hope you are able to support their upcoming fundraiser – the Black Tie Ball on 14 March at the Kendall Services and Citizens Club.

PARKING ON VALLEY VIEW ROAD

Please read the following information carefully as these rules apply to Valley View Road adjacent to Camden Haven High School and council rangers have been active and will continue to regularly monitor that these rules are adhered to both mornings and afternoons.

As of 1 December 2008 the ‘No Standing’ rule was abolished in NSW. From this date on, all ‘No standing’ areas became ‘No Stopping’ areas.

No Stopping areas mean that you may not stop your vehicle for any reason. This one is pretty much ‘don’t do it’, or ‘think carefully before you stop’. If you stop in a ‘No Stopping’ zone that is in an operating school zone the fine is $304 and two demerit points.

No Parking signs mean you may not stop for longer than two minutes and you can only drop off or pick up passengers or goods (that is you must remain within three metres of your vehicle). Think of this area as the ‘drop-off’ or ‘keep it moving’ zone, where you essentially have to keep the car moving. Disobeying a No Parking sign in a school zone will incur a $173 fine and loss of two demerit points.

Double parking in a school zone will result in a $258 fine and loss of two demerit points.

Remember, if a sign is anywhere on a street block, it applies to the entire street unless the sign has arrows identifying a specific area. Please note that all of Valley View Road is classified as a school zone between 8.00 am – 9.30 am and 2.30 pm – 4.00 pm.
Each year NSW Health works in partnership with school to offer the vaccines recommended by the National Health and Medical Research Council for adolescents as part of the school vaccination program. In 2015 the following vaccines will be offered:

**Year 7 Students**
- dTpa vaccine (Diphtheria, Tetanus, & Pertussis (whooping cough) as a single dose
- Varicella vaccine (chickenpox) as a single dose; and
- Human Papillomavirus (HPV) vaccine in a 3 dose schedule at 0, 2 and 6 months (students who commence HPV vaccination in Year 7 but do not complete the course may be offered catch-up doses at school).

**Year 11-12 Students**
- Measles, Mumps and Rubella (MMR) vaccine as a single does as part of a catch-up vaccination program for students who are not fully protected.
- Parent information kits will be sent home to parents/guardians. To consent to the vaccination of their child, parents are advised to:
  - read all the information provided
  - complete the consent form, including signing their name next to the vaccine/s they would like their child to receive
  - return the completed consent form to their child’s school
  - ensure that their child eats breakfast on the day of the school vaccination clinic.

Parents/guardians who wish to withdraw their consent for any reason may do so by writing to the school Principal or phoning the school. The procedure for Withdrawal of Consent is available on the NSW Health website at www.health.nsw.gov.au/immunisation.

Please note that for HPV vaccine only, parents/guardians must record their Medicare number (all 10 digits and number beside the child’s name) on the consent form, as this is required to record the students information on the National HPV vaccination Register and (for females only) link to the National or State Cervical Screening Program.

A record of vaccination will be provided to each student at each clinic. Please keep this record for future reference and do not assume the child has been vaccinated if you do not receive this record.

**STUDENTS WITH DISABILITIES/LEARNING DIFFICULTIES**

For Students with Disabilities and / or Learning Difficulties

The transition from school to the next environment is a stressful time for young people and their families. The aim of the EXPOs are to provide information on as many local services available to assist young people with special needs. The Expos can raise your awareness of as many choices / options as possible. Four EXPOs have been organised:

- Taree Tuesday 3rd March @10:00am Taree Club-121 Wingham Rd, Taree
- Forster Tuesday 10th March @10:00am Club Forster-Strand St, Forster
- Port Macquarie 11th March @10:00am Port Panthers Pier One, 1 Bay St PM
- Kempsey 12th March @ 10:00am Kempsey Macleay RSL Club, 1 York lane, Kempsey

Students from Year 9 to Year 12 and their families/carers are encouraged to attend.

If you would like more information on the Future Career Expos, contact Mrs C Rudder at CHHS.
HOW HEADSPACE CAN HELP

This year we have a headspace (National Youth Mental Health Foundation) counsellor in the school – every Tuesday and Wednesday from 9.30pm – 1.30pm.

headspace can help you with any general health, mental health and well-being issues you may be experiencing.

If you are aged between 12-25 years headspace you can make an appointment if you:

- are feeling down, stressed or can’t stop worrying
- don’t feel like yourself any more
- are feeling sick or worried about your health
- want to cut down on your drinking or other drug use
- are worried about work or study or if you’re having money trouble

So, for a free, fast, confidential, friendly consultation with Vee, the CHHS headspace counsellor, please make a referral through the School Counsellor (Mr Carrasco – Monday; and Mrs Barnard – Tuesday – Thursday). If you are under the age of 15 years you will need parental consent before you can visit.
ATTENTION YEAR 12 STUDENTS

Interested in going to University? Not sure what you will do in 2016? Then I strongly recommend you attend this presentation. Students who may be concerned about the cost of study and how that might be financed will benefit greatly from this seminar.

The Regional University Road Show is a collaboration between Charles Sturt University, Southern Cross University and the University of New England to provide a meaningful and timely service to Year 12 students.

The presentation is approximately one hour and the format is as follows:

- Generic presentation/information session covering course selection, how to apply, costs, accommodation, student life and pathways.
- Opportunity for Year 12 students to speak to and obtain course specific information from each University individually.

The Road Show session will be held at Camden Haven High School on Wednesday 11th February 2015 starting at 9:00am. School uniform is compulsory.

Parents are also welcome to attend.

Mr T Dickenson - Careers Advisor

---

YEAR 9-12 STUDENTS INTERESTED IN TECHNOLOGY

ACS Foundation, in conjunction with University of Newcastle, invite you and your students to the 2015 Big Day In IT Careers Conference in the Great Hall, University of Newcastle Callaghan Campus on Thursday 30 April 2015.

Join us to hear leading speakers from companies including Microsoft, HP, Westpac, WiseTech Global, Australian Government ICT Apprenticeships and Cadetships, Greater Building Society, IBM, NIB and more, talking about the future of technology and how students can get involved in shaping the future.

Hear from industry speakers and visit exhibitor stands to learn about where a career in IT can take you – more speakers and exhibitors to be confirmed in early 2015 - don’t miss out, book your seats early!!

Tickets and Bus will cost only $20.00 (Bus, food etc. included in this cost) Pay at the office – Big Day In 2015
SPORT NEWS

SWIMMING CARNIVAL

Camden Haven High Swimming Carnival Results

The 2015 Swimming Carnival was held over two days and we were blessed with great weather. Participation from all students was strong but special mention must go to Haven, the blue house, who won the carnival from Taylor, the red house, by slim margin. The competing houses of Camden / Haven / Watson and Taylor were led exceptionally by their Captains and House Patrons. Throughout the two day carnival, house points fluctuated with Camden, Haven and Taylor vying for first place.

Congratulations to everyone that attended especially the Age Champions.

Our 2015 Age Champions were:

On behalf of the PDHPE faculty, I extend our sincere thanks to all the staff and students who made our Carnival such a great success. We will have more pictures and stories in our next newsletter.

Ms Cook - Head Teacher PDHPE

HT PDHPE
WEST TIGERS VISIT

CHHS was visited by players from the West Tigers NRL team. The players were Keith Galloway, Curtis Sironen and David Nofoaluma.

They were here to discuss the importance of diet, exercising and the dedication required to achieve your goals in life. They talked to about 120 students. They gave an insight into their own personal struggles and how they made sacrifices to get to where they are now. The students were able to ask questions and get photos with the players as well as plenty of signatures.

Need help managing stress or anxiety?
If your child or teen has difficulties with anxiety or just seems to have too many worries, we would like to introduce you to BRAVE Self-Help – an interactive, online program for the prevention and treatment of childhood and adolescent anxiety. It was developed by a group of researchers from the University of Queensland and now, with the support of beyondblue, this program is now freely available to all young people aged 8-17 years old who are living in Australia.

BRAVE Self-Help provides strategies for children and teenagers to better cope with their worries. There are four programs available, one for children aged 8-12 years, one for teenagers aged 12-17 years and one for parents of children at these ages respectively. The program can be accessed as often as you like, from the comfort of your own home.

For more information, or to register for the program, please visit www.brave4you.psy.uq.edu.au.
