**Faculty Presentations – Selecting Subjects for Stage 6**

The purpose of this evening is for students of Year 10 and their parents to talk to staff about specific subjects for Years 11 and 12. All faculties will be represented with ‘information booths’ which will include demonstrations, slideshows, informal talks and student work relating to the subjects available in 2015.

This is a chance for you to ask questions and gain an insight into these different subject areas. There will be no formal presentations, just a chance for you to wander around and leave when you are finished.

As well as staff from the school, there will be invited guests available who are available to talk about other aspects of Year 11 and 12.
