Welcome ... Welcome back teachers, students and parents to Camden Haven High in 2013. A special welcome to our new Year 7 students, new students in other years, new families to the area and new staff. There were a few nervous Year 7 students who entered the school grounds the first morning but by lunchtime there were mostly smiling faces and students indicated that they had a ‘great’ day.

On Tuesday 12 February we are gathered to recognise and celebrate the achievements of the Dux of CHHS for 2012. We welcomed Ms Louise Dix of Higgins & Dix Solicitors who kindly agreed to sponsor the student receiving the award.

The word Dux (plural: duces) is Latin for leader and this term was used in Ancient Rome to describe a person who commanded troops. Later Dux became a title for example, the Duke of Cambridge, the title bestowed on Prince William by Queen Elizabeth following his marriage.
Today, the Dux refers to the person with the highest academic rank in their cohort. The student who received the highest tertiary entrance score for the cohort who sat the HSC in 2012 was Daniel Baldwin.

The term Dux does describe Daniel perfectly, for he was in fact the School Captain and leader of the student body as well as the person who received the award for the highest assessment score at our Annual Awards Night last year and the best ATAR (the Australian Tertiary Admissions Rank) in the 2012 HSC.

Daniel is a thoroughly personable young man who demonstrates great empathy and understanding towards all people with whom he interacts. He is always neat and well groomed, polite and considerate towards others and has a warm, kind manner of speaking which engenders trust and respect.

Daniel demonstrated great promise academically and excelled at his studies maintaining his high academic position from the academically talented class in years seven and eight and continuing to work towards achieving his personal best. He was focussed and dedicated, receiving numerous awards for his high level of academic attainment, success in National Competitions, Year Adviser and school awards leading him to be the outstanding student in his year group every year.

Daniel was an elected member of the Student Representative Council and undertook the role of treasurer of the group before being elected School Captain. He was always an enthusiastic and active participant and supporter of all the initiatives the SRC. Daniel participated in the full range of school and community activities, including public speaking and debating and was successful in obtaining part-time employment in the local area following an application and interview process. He was the winner of the Rotary International Project in Year 8 with an outstanding essay and equally outstanding verbal presentation to Rotarians, family and school representatives. He has represented the school on many different occasions but in particular at ANZAC Day celebrations, which are very special to him. His family connection and his love of history resulted in him receiving a Premiers ANZAC Memorial Scholarship in 2011 where he travelled to Gallipoli and further demonstrated his personal maturity and leadership qualities.

Through his dedication and commitment to achieve his best, Daniel has obtained scholarships and awards to assist him move on to the next level of education and towards his chosen career. The ability and opportunity to learn are gifts. Learning must be embraced as a lifelong experience. Daniel’s achievement is evidence, that not only has he made the best of taking the gift of education and learning with great diligence and sustained effort, but has done so with outstanding ability.

Daniel has already shown that he has the capabilities to do undertake anything he sets his mind to and so we congratulate him on his outstanding achievements. Daniel, we wish you all the best in your endeavours and look forward to celebrating your successes in the future. Congratulations and well done.
It is very important for students to have a positive start to the year. To do this, students need to ensure they have several copies of their school timetable (that way if they misplace one they have another to find their classroom). It is a good habit to get into for students to check their timetable the night before and ensure they pack the correct books and equipment for the day. A timetable placed on the fridge is a good idea as it is highly visible and parents can monitor this as well. In the event that a student is having difficulty reading their timetable or concerns about any of their subjects they can consult with their Year Advisor or Year Coordinator. Each year group has a Year Adviser or Year Coordinator who will remain with this cohort for the duration of high school wherever possible.

The Year Advisers are:
- Year 7       Mrs Cheryl Harland
- Year 8       Mrs Merelyn Devine
- Year 9       Mr Greg Moss
- Year 10      Mr Michael Fowler
- Year 11      Ms Julia Tutalo
- Year 12      Mr John Casimir

The Year Coordinators for distance education students are:
- Year 7       Mrs Jenni Graham
- Year 8       Ms Liz Lloyd James
- Year 9       Ms Sharon Taube
- Year 10      Mr Ken Healey and Mrs Teena Northey
- Year 11      Mr Greg Cousins
- Year 12      Ms Lisa Glase
- Pathways     Ms Angela Atkins

School Uniform ... As part of your child’s positive start to the year, we are seeking your support in ensuring that they are dressed in the correct and appropriate school uniform for summer. For females, this means a pleated skirt that is a suitable length. Straight skirts are not permissible. The pleated skirt is much more flattering. As we move into a new uniform there will be a transition period. Student purchasing new shirts will wear a light blue shirt for students in Years 7-10. Students in Years 11—12 a white shirt is to be worn. For males, navy shorts are to be worn. Every student is expected to wear black leather shoes and white ankle socks. All students are fully aware of the expectations of the school regarding uniform. If you have been “misinformed” about the correct footwear and have invested a princely sum in the wrong shoe unfortunately it is our expectation that students will be in black leather shoes. Beanies, hoodies and jumpers will not be accepted. Only navy blue jumpers will be accepted.

School Buses ... School begins at 8:30am and finishes at 3.26pm every day. Those students catching a bus will remain in supervised areas until they arrive. At the beginning of the year certain bus routes can be very busy and we continually strive to ensure the safety and efficient transport of your child is adhered to. We have regular contact with our bus companies to maintain this system.
**Anaphylaxis information** ... If your child is diagnosed at risk of a severe allergic reaction, particularly anaphylaxis, the Anaphylaxis Procedures contain information for schools and parents designed to minimise the risk to students. If your child has an allergy it is important to let us know—see Action steps for parents. Find out more: http://www.schools.nsw.edu.au/studentsupport/studenthealth/conditions/anaphylaxis/index.php

**Student Absences**... The Education Act 1990 requires a child to attend school each day that instruction is provided unless prevented from doing so by sickness or other good reason. The Act requires parents or carers to explain the child’s absences within seven days of their occurrence. Failure to do so will result in an unjustified absence being recorded.

**Contact details** ... Keeping school records up to date is vital in case of an emergency. We are currently updating student details and contact information. If you have changed your details in the last few months could you please contact the school with the updated contact details? This includes address, mobile phone, email and emergency contact details.

**When a student is absent from school** ... Camden Haven High School believes that good attendance at school is important for a child’s education and establishes a positive working ethos early in life. There is a direct link between attendance and achievement. Parents/carers must provide a note indicating an acceptable reason for any absences upon the student’s return to school.

**New staff** ... We would like to welcome Mrs Di Bernasconi to the Mathematics faculty, Ms Angie Morely to PDHPE, Mrs Susanna Christie to Technology, Mr Rob Newell to Industrial Arts, Ms Emorfia Cutler to Home Economics, Mr Roland Bernett the new TSO and Mr Carl Mandrioli on exchange from the US.

Many thanks to all of our staff, students and parents for helping get the new school year off to a very positive start. We had a fantastic last year in 2012 with a vast array of student and staff achievements across many areas of the school and we hope to continue this further in 2013.

Our school works best when there is open and honest communication between parents and the staff. I’m very happy that this is generally the case, but it is something that we all need to keep working at. If you have any suggestions for improving the flow of communication between the school and home I’d love to hear your ideas. A great place to make suggestions is at our regular P&C meeting and you are very welcome to come along and to help to make a direct contribution to the running of the school.

That’s it from me for now. 2013 will be an even more successful year for Camden Haven High School as we all work to deliver on our goal of ‘Aiming for the Highest’ for everyone.

Mrs M Hutchinson
Principal
On Australia Day, School Captain, Luke Watson, attended the Australia Day Ceremony at Laurieton United Services Club. Luke was asked by the organisers of the event to speak from a young person’s perspective as to what it means to be Australian. He spoke of how he celebrates this day and the benefits of living in this lucky country with all its opportunities and multiculturalism.

Luke said that delivering a speech to the general public was daunting as he was more used to looking into an audience and seeing his friends’ faces looking back at him providing him support. However, he did have his family in the audience and he managed to deliver a most entertaining speech, even quoting Australian icons, Australian of the Year, Ita Buttrose, and the legendary rock band, Cold Chisel.

NEED SOME HELP?

Technology talks
Find out about all the technologies your child could be using at school, at home and on the go. Scan the A-Z list for overall knowledge, find out how gadgets work, what their good points are and other usages you may need to be aware of.
Find out more: http://www.schoolatoz.nsw.edu.au/technology

Jargon buster
Wondering why your kids talk about playing under the school COLA? Baffled at parent-teacher discussions about KLA's? This list of common abbreviations or terms will help you to become familiar with the world inside school.
A new innovative program has been added to the Year 8 curriculum. As part of their schooling this year, the Enterprise Skills Program (ESP) will see students undertake project based learning – a practical way to develop life and employability skills.

The importance of developing communication, teamwork, problem solving and organisational skills at a young age is well documented. Getting students involved in practical activities like putting up a tent, creating stepping stones to move across a marshy paddock, identifying leadership within self – all help to develop a well-rounded citizen.

A combination of individual and group work, technology and practical tasks aim to show each student the importance of their contribution to their school, community and family. There will be opportunities to design and manufacture preschool furniture, create stationery from recycled materials, grow and market produce – just to name a few. There is also a focus on community contribution with the first community project organised for Clean Up Australia day.

Throughout the course students will keep a reflective diary of their progress. From this students will create a skills report outlining their achievements.

Further information is available from course teachers – Mr Casimir, Ms Lloyd-James, Mr Stewart and Ms Wilson.

Teachers involved in the ESP Program: Mr Casimir, Ms Wilson, Ms Lloyd-James and Mr Stewart

Drug and alcohol free event
Tickets $5 each
Theme: Superheroes and Villains
Several Camden Haven High School students have been successful in gaining a School Based Traineeship with some of the local Primary Schools. Caitlin Walpole, Brice Hayward, Indiya Agnew-Crawford and Darby Bennett made application through the Aboriginal Employment Strategy last year whilst in Year 10. After several days of interview and induction, they were selected from other applicants to take up the traineeship for Years 11 and 12. During this time they will study Education Support Certificate III through the Port Macquarie TaFE every Thursday and complete on the job training with their local Primary School for one day a week. This forms part of their HSC program, enabling them to qualify for a Certificate III as well as the HSC itself.

Local Principals, Ms Janne Morgan (Coopernook), Mr Peter Vincent (North Haven) and Mrs Jodie Paterson (Kendall), are involved in this program and will encourage students to become actively engaged in all aspects of school life. They see these students as an integral part of their school and hope a positive relationship will be built between their staff, students and parents.

While at school, the students will study a normal HSC pattern of subjects as well as the TaFE course. At the completion of Year 12 they are offered a pathway entry into University to complete their training to become teachers.

Without the continued support of our local Primary Schools and their staff, students like Caitlin, Darby, Indiya and Brice would not be able to experience such a positive learning environment. Camden Haven High School wishes to thank these schools and looks forward to continued support for future students.

Pictured at their induction and sign up day (from left to right): Indiya Agnew-Crawford (Coopernook), Darby Bennett (North Haven), Brice Hayward (North Haven) and Caitlin Walpole (Kendall)
Welcome back to the new school year. The English Faculty are looking forward to a positive and productive year from our students, who have returned to class with a motivated and positive attitude. Each student in Years 7 – 10 has received a number of documents, which have been pasted into their English books. We encourage all parents/caregivers to take some time to look over them, as they outline our expectations.

These documents include:

- copy of the **Six Expected Behaviours** for the classroom, which are underpinned by our values of **Respect**, **Responsibility** and **Doing Your Best**. We would appreciate your support in encouraging your child to adhere to these expectations;
- a **Course Overview**, which briefly explains the units to be covered throughout the year; as well as
- an **Assessment Schedule**. This outlines the assessment tasks students will be required to complete this year. Take note of the dates and encourage your child to be organised and prepared for these tasks. Two weeks prior to the due date students will be given an Assessment Task Notification, which provides students and parents with the details of the task to be completed, including marking guidelines where applicable.

Over the past three years, we have seen significant improvement in students’ spelling since the introduction of weekly spelling tests for Years 7-10. We will be continuing with this initiative and it is expected that all students learn how to spell the words prior to the designated testing day.

Students are provided with four lists of twenty words for each unit in the course. This should form part of a student’s homework each week along with the specific tasks as given by the class teacher. In addition to this, we would like to work on improving the writing skills among each cohort and have introduced a program of journal writing. Each student in Years 7-9 will be provided with a journal.

Once a week during their English class, students will be given the opportunity to write solidly for 10-15 minutes. Their teacher will provide them with some guidance for material if required and will discuss with them a different element of writing that they are to focus on like paragraphing, sentence structure, language, punctuation ... These journals will remain at school and will be marked by teachers on a regular basis. Each term, examples of writing tasks will be featured in the school newsletter.

Year 12 Standard English are heading to Newcastle on Monday 4 March to see the play *The Shoehorn Sonata*. As they are studying this play for their HSC and analysing it under the concept of ‘Distinctively Visual’, this is an invaluable opportunity to not only witness the visual elements of the play first hand, but to experience live theatre as well.

**Student wordsmiths**
Welcome to the library
Students have many opportunities to use the library for work or recreational reading outside class time. The library is open to them from 8.30 – 9.00 daily, recess Wednesday and lunchtimes Monday, Tuesday, Thursday and Friday. If you would like to visit the library and see what facilities are available please contact me to arrange a suitable time.

Reading for Year 7 Students
Since regular reading is one of the most effective ways of assisting academic progress, Year 7 classes will visit the library for half an English lesson each cycle this year. They’ll be shown appropriate books, particularly fiction, that they might enjoy and then they’ll have the opportunity to borrow. Please talk to your student about what they are reading and encourage them to return library books on the following days:

Research for Year 7 students
Classes have had a lesson in the library about the importance of including a bibliography in assignments and instruction in how to write one. Students have a yellow booklet to take home to refer to as they complete projects. Each Year 7 class will complete a research task for most subjects, beginning with Science. These will all focus on practicing important skills like note-taking and writing bibliographies. The yellow research booklets students use for this note-taking will be marked in addition to their final project.

Premier’s Reading Challenge
Any student in Years 7, 8 and 9 can be involved in this program designed to encourage reading. To meet the challenge and receive a certificate, students need to read twenty books – fifteen from a list and five of their own choice. They can select from a wide range of books including picture books, information books and novels. A special area has been set aside to display the books on the list, making it easy for students to locate them. Students have until the end of August to read the twenty books. Reading record sheets are available from the library.

Senior Students in the library
Senior students work in the library during study periods with the assistance and supervision of staff. Congratulations to all those students who are making excellent use of their time and the resources available.

Happy reading!

Mrs Rienstra – Teacher Librarian
The 2013 swimming carnival was held over two days this year which was fortunate as rain hampered proceedings a couple of times on both days. But what would a sports carnival be without rain? Participation from all students was strong but special mention must go to the Green house who won the carnival from the Blue house by a slim margin. House Captain from the Green house, Jarrod Smith, contributed the success of the Green house to the enthusiasm and participation of students in all years.

One of the highlights of the carnival was welcoming Distance Education student, Jacob Sansom, to our carnival. Jacob is a vocational student studying distance education due to the demands of his swimming career. Year 7 and 8 students were very impressed with Jacobs’s technique and speed and the Green house were very fortunate to have him in their relay team.

Congratulations to everyone that attended, especially the Age Champions and record breakers.

A big thank you to Ms Cook and the PD/H/PE faculty for their efficient organisation of a great carnival which was enjoyed by all students. Nine school records were broken!

International Women’s Day will be celebrated in Laurieton next month when Camden Haven High School’s Women’s Group hosts their annual breakfast event. The International Women’s Day Breakfast will be held at the Laurieton United Services Club from 7:15 (for a 7:30 start) on Friday 8 March 2013.

All members of the community are invited to attend the event which is being organised by the school’s Women’s Group, which was formed in 2011, giving students the opportunity to meet successful women in the community and wider areas.

Events such as this International Women’s Day encourage students, families and community members to get together and show their support for women in our local and international communities.

The program for the breakfast will feature guest speakers and is due to finish by 8:30am, allowing attendees plenty of time to get to school or work. Tickets for the breakfast are $10 and are available from the front desk of the Laurieton United Services Club and the front office at Camden Haven High School.

The Women’s Group of Camden Haven High School is hosting a breakfast to celebrate International Women’s Day on Friday 8 March from 7.30 – 8.30 am at LUSC (doors open 7.15). All community members are invited to show their support for this day – not just women! Tickets can be purchased from the front office at the school or LUSC at $10 per head.

Canteen News

Welcome back to Term 1, 2013 to all our wonderful volunteers, students and staff. We hope everyone had a most enjoyable and relaxing break.

All existing, new and prospective volunteers should have received the 2013 canteen roster. Please ring the canteen on 65568100 if you didn’t and you would like one.

A special welcome to our new volunteers who will be joining us in the coming weeks. We look forward to getting to know you all!

If you are interested in volunteering please ring the school. Morning tea and lunch of your choice is provided in air conditioned comfort. Lots of laughs guaranteed! We look forward to having you join us for one – two days a term.
Unfortunately many parents mistakenly believe accidents happening to their children whilst at school will be compensated for by the school or government and in most cases this is not the case. Backed by Chartis Australia, StudentCover gives parents peace of mind whilst insuring their children not only during school activities but 24 hours per day, including most sporting activities.

For only $29 per year StudentCover Student Accident Insurance is an affordable way to protect your child at school and elsewhere. Applications can only be accepted online so visit [www.studentcover.com.au](http://www.studentcover.com.au) for more information.

This year we are looking to reward students’ positive behaviour. Wearing correct school uniform, arriving to class on time, being prepared for class and following teacher instructions are just some of the behaviours that will earn students positive points.

An annual competition between house groups will see students recognised all year round for their achievements in all fields including: academic, sporting, volunteering, behaviour and extra-curricular activities.

Points for House groups will accumulate throughout the year culminating in the presentation of the School Cup to the winning House Captains at the Annual Awards night. Reward Days at the end of each term will also be available to the House group that has earned the most points during the term.

This will be a significant change to the way we use House groups in the school. Previously House groups were arranged on sporting ability to ensure that sporting carnivals were as even as possible. Now, the School Cup will recognise all aspects of the students schooling therefore House groups have been rearranged in alphabetical order, providing a random distribution of students. This new arrangement will mean some students have moved House groups. This has prompted the possibility of changing the names to the House groups.

We are seeking student, parent and school community input into the naming of the four new House groups. For more information on the School Cup or to nominate new House group names please contact Mr Williams on either shane.williams@det.nsw.edu.au or 65568242.

Start saving for a trip of a lifetime overseas – it’s not too late to join!

January 2014 students have the opportunity to attend a three week excursion to the USA. They will visit tourist attractions like Disneyland, Knotts Berry Farm Theme Park, Universal Studios and Hollywood in Los Angeles. Walk over the Golden Gate Bridge and go on a cruise on the Bay around Alcatraz in San Francisco – just to name a few. There are also opportunities ‘to shop until you drop’ in factory outlets. The cost is around $5500 plus spending money and includes some meals, airfare, accommodation and tourist attractions. So start saving now!

If you are interested in attending please contact Ms Kneipp at school on 6556 8100 for a brochure.
Mathsonline
Over the past number of years, students at Camden Haven High School have made use of the resource ‘Mathsonline’ during school hours as well as at home. Many teachers have used this resource in class and it has proven to be an effective and motivating resource to aid in the teaching of new work as well as revising the key ideas covered in class. Mathsonline can be purchased privately for $197 per year, however if organised through the school the cost is only $10 per student for the year.

Some of the features of this program are:
- Full lessons for each concept with a voice over and numerous examples of varying difficulty. Every lesson has a pause and rewind facility to help students grasp concepts at their own pace.
- Every lesson has an accompanying printable summary and worksheet to consolidate the concept, with full worked solutions provided also.
- A student’s ongoing use and progress in the program is stored for theirs and their teacher’s perusal at any time.
- The program can be accessed from any internet ready site, not just at school. The secondary component of Mathsonline is also available on most Android phones and tablets.
- The entire Kindergarten to Year 12 program is available to every student, not just their particular year group or course.

To be used most effectively in class it is beneficial for all students to be able to access their own Mathsonline account as this keeps a record of tasks attempted and provides a summary of the student’s mastery across different topic areas.

Your child’s Mathematics teacher would like to continue using Mathsonline as a whole class resource this year. The Mathematics faculty believe that the cost involved is well worth the benefits provided by having individual access to the site. To allow your child access to the Mathsonline site at the reduced rate, please pay $10 to the front office by Friday 1 March.

Calculators and other Maths Equipment
This is a reminder to all students that a scientific calculator is required in Mathematics in all years. Calculators may be purchased from CHHS front office for $20. All Junior Assessment Tasks in Terms 2 and 4 contain a Calculator and Non-Calculator section. There is no borrowing allowed during assessment tasks as each student is expected to provide their own equipment. Other equipment required includes a ruler, protractor and a pair of compasses.

Maths questions
Are you in search of an educational game to sharpen your child's maths skills and recall? Maths Monkey’s Quest features maths questions on topics ranging from addition and subtraction to ratios and percentages. It’s aimed at children from Years 3 to 8.

Mrs Gunn - Head Teacher Mathematics
Please note the following dates for the Immunisation Program for Year 7 girls and boys and Year 9 boys:

Term 1  Thursday 28 February  
Term 2  Tuesday 7 May  
Term 3  Tuesday 10 September

YEAR 7 STUDENTS (BOYS AND GIRLS)

- Hepatitis
- Chicken Pox
- Boostrix (Diptheria, Tetanus and Whooping Cough)
- Gardasil vaccine (Human Papillomavirus)

YEAR 9 BOYS ONLY

- Gardasil vaccine (Human Papillomavirus)

Alternatively, parents can take their child to their local doctor to receive these free vaccines while they are in Year 7 or for boys in Year 9. If you have any concerns or questions please contact the school on 6556 8100 or by email cheryl.clayton1@det.nsw.edu.au

Notice for current Year 11 students

You are now eligible to have a locker.  
Lockers are $25 with a $15 refund when you are finished using it.  
There are some still available.  
Please see Ms Collard in the demountable staff room.

If you would like this newsletter emailed please contact the school (6556 8100) or email deborah.dewar@det.nsw.edu.au
